

GANTA VIJAY RAJ

10-22, Yanamalakuduru, Vijayawada 520007 | (+91) 8247898196 | ysmart996@gmail.com

Objective

As a highly motivated and results-driven engineering graduate, I aim to leverage my academic background and hands-on project experience to contribute effectively to a dynamic team. I seek a challenging position where I can apply my technical skills, problem-solving abilities, and innovative thinking to deliver impactful solutions and continuously grow in a stimulating work environment.

Education

SRK INSTITUTE OF TECHNOLOGY | Jntu-k

Bachelor of Technology in Computer Science and Engineering

Cumulative GPA: 7.45

Vijayawada, Andhra Pradesh

2023 - 2026

Govt. Polytechnic College, Vijayawada

Diploma in Electrical & Electronics Engineering

Cumulative GPA: 6.5

Vijayawada, Andhra Pradesh

2016 - 2019

Satya Sai EM High School

Board of Secondary School Certification

Cumulative GPA: 6.0

Vijayawada, Andhra Pradesh

April 2016

Achievements

- AWS cloud virtual Internship (Apr-Jun 2024)
- Edu-skills academy Ethical Hacking virtual Internship (Jul-Sep 2024)
- Fortinet Network security associate virtual Internship (Oct-Dec 2024)
- Microchip embedded system developer Internship (Jan-Mar 2025)
- Python Full stack developer virtual Internship (Apr-Jun 2025)

Internship

1. Cyber security with Kali Linux by APSSDC Summer Internship (Jun-Jul 2024)
2. Full Stack Developer (MERN Stack) Summer Internship (Jun-Jul 2025)

Projects

- Flight Finder: Navigating your air travel options

To navigate your air travel options and find the best flights, utilize online flight finders and booking platforms. [Google Flights](#) allows you to search for flights to various destinations, compare prices, and track price changes. You can also explore options on [Skyscanner](#) or [Momondo](#), which compare fares from different airlines and travel sites. For a more flexible approach, consider using [PanFlights](#), which optimizes tour routes based on multiple destinations and travel dates.

- FRIDAY AI : voice assistant

FRIDAY-AI (*Friendly Responsive Intelligent Digital Assistant for You*) is a voice-controlled personal assistant built using Python, Google's Gemini AI, and speech recognition. It offers a conversational interface powered by Gemini's google-generative-ai and a user-friendly GUI made with Tkinter.

Skills & Interests

Soft Skills: Communication Skills, Time management, Quick learner, Logical thinking

Technical Skills: Programming Languages (C++, Python, Java), Frontend (HTML, CSS, Java Script),
Database (MongoDB, SQL), Software Proficiency (Office Suite)

Interests: Learning New Technology (like Software tools using A.I), Travelling, Listening Music, Browsing

Languages: English (Moderate), Telugu (Fluent)
